

Technology Assessment  
Company: \_\_\_\_\_

I.T. Promise educates our customers and helps them implement cutting edge tested technology to build, strengthen, & protect their business.

**Our goal is to partner with you to save money** by maintaining a **minimum Grade of B** in all technology areas below. The results will be:

- Cost savings for I.T. support
- No lost time by employees
- Loss of income due to computer inefficiency
- Increased productivity from your employees
- Security from virus threats
- Data properly backed up as necessary
- A plan for recovery if disaster does occur \*

**\* Warning: 60% of businesses close their doors in six months after a disaster!**
